

Ashton's Musical Minds Piano Lessons Contract

I am from Utah but grew up in California where I started taking piano lessons. Music was always a large part of my household growing up. Both of my parents played and because of that it inspired me to learn each of the instruments that they could play as well as several of my own choices.

I have been studying piano since I was eight and then taught myself the guitar and the violin. When I moved back to Utah, I began to teach my siblings piano as well as performed in two school audition orchestras and a small band with some of my friends. Through school I was often asked to accompany our Solo and Ensemble projects for orchestra and choir as well as accompany many of the people in the theatre program for their audition pieces.

I attended Snow College for Orchestral Performance and Theory. I took many classes including Orchestra Performance, and lessons for my violin and piano. I also took sight reading and listening classes as well as theory classes.

I have been teaching piano lessons full time since 2021. I enjoy helping students learn, understand, and enjoy music. I love being able to answer any curious questions as well as help my students succeed. My goal is to help them build a better understanding of music and simply love the magic that comes with experiencing music as a whole and growing their skill in playing while using the techniques that are best fitted for the student, whether that be sheet music reading, listening, arranging, or composing. Lessons are tailored to fit each student to help them build their own goals and help me to better understand their personalities and how they learn to make lessons not only as effect as possible but enjoyable as well.

I look forward to working with you!

Student/Parent Expectations:

Practicing: All students are encouraged to practice daily. The amount of practice time may vary based on age or what works best for that student. Some students might benefit more from setting and timer or being told to practice each piece a certain number of times each day. A practice chart helps students keep track of their practicing habits or a sticker chart on display is used to encourage children to meet their goals.

Performances: There are two annual recitals. Either a Halloween or Christmas Recital and a Spring or Summer Recital. Students are encouraged to participate in each of them. There may be a small recital fee to help with expenses.

Supplies: Parents are expected to purchase the books necessary for their students as well as any sheet music that is not readily available to be printed from the internet. One notebook per student is also required so that they will have a record of their assignments for the week. Depending on student level, the purchase of an app may be necessary.

Lessons: A parent should be present in the household when possible during lessons.

Attendance Policy

Two-Week Notification for Vacation: A two-week notification is required for missed lessons due to planned vacations for billing to be handled properly.

24-Hour Cancellation: If lessons are not canceled within 24 hours, full payment will still be collected. A rescheduling will be made, if possible, but is not guaranteed.

No Show: If no student is present for a scheduled lesson, the full price of the will be collected. After three no shows, the contract will be terminated unless the issue can be resolved.

Summer Policy: To save your time slot for the fall, the student must take at least four lessons over the course of the summer (June through August). If that isn't possible, there is a \$60 nonrefundable deposit to save your fall time slot.

Billing Policy

Billing: Invoices will be provided at the end of the month. Payments are due in full by the first lesson of each month. If the payment is not received by the 15th of the month, lessons will be paused until payment is received. If payment is not received by the end of the month, there will be a \$20 fee added each month for a three-month period. If payment is not received, after the three-month period, the billing will be turned over to collections.

Payment: Payments may be made via Venmo, PayPal, cash, or check. Checks can be made out to Ashton's Musical Minds.

Pricing: Pricing will be a minimum of \$30 per 30-minute lesson based on a fifteen-mile radius of West Jordan. Students outside of this area will have an extra travel charge. 15-minute lessons are an option depending on the age of the student and driving time. For multiple students in the same household, pricing options may be discussed. Pricing may be subject to change in the future.

All points in this contract may be subject to future changes if some policies no longer work for the company or no longer benefit the students and teachers.
